

The Spiritual Library

Foreword

Hello! Welcome to Yield more, your conscious marketplace.

Am grateful for you being here and wish to give you the warmest welcome with thanking you for being here for yourself. Thank you. You could be here to find help for yourself or just to educate yourself about spirituality, you are here at the right place and time.

A lot of them confuse religion with spirituality, Spirituality is the Journey to inner-self or soul. The following articles only intends to educate you on Spirituality.

You are believer in higher entity or not it doesn't matter, you can choose to believe science to read ahead.

In Science and Spirituality everything is considered as Energy, without energy there are no creations, movement or destruction. Where Science mathematically evaluates Energy, Spirituality allows you to follow through faith.

Einstein or Tesla, both knew and believed in Scientific and Spiritual patterns of energy.

Topics covered are categorised as following:

- Spiritual knowledge or Spiritual facts
- Practices that focuses on the laws of the universe
- Recommendations of books, personalities and their Social Media pages as suggestions.

Introduction:

Many words such as Meditation, Affirmation, Healing, Crystals, Breath work are so popular, even a few laws such as the Law of Attraction has reached out to every person in some way or the other and now more than ever its important to understand the basics and to be educated on the same. Some of them mentioned here are tools and some are everyday practices, every method, tool or practice has its own benefits and to understand it in the channelised manner first we will look at the laws of the universe.
